

# India Vision Foundation

India  
Vision  
Foundation

*"The Magsaysay Award has propelled me to consolidate, expand and share my work. For this I have registered a Trust, called India Vision Foundation. I am breathing life in to it. I will carry forward projects in the field of prison reform, drug abuse prevention, child welfare, crime prevention, empowerment of women, mental disability, sports promotion and creativity. The Final objective being to **save the NEXT VICTIM...**! Let's get together."*

**Kiran Bedi**

*...That India Vision Foundation was born.*

*Dear Co-Partners in change,*

*There is no greater joy than knowing you are responsible for transforming and moulding young lives and tender minds.*

*Whether they are children in prisons living along with their mothers or growing up in slums,*

*it is only when you see the difference you have made in bringing joy, hope and laughter in their lives, through the largeness of your heart, that the ensuing happiness which springs forth, is pure magic. I truly believe giving and receiving love is what, life is all about. Come and share this joy with us. Come and enrich your life and join us in our little world of 'making a world of a difference'.*

Saina Bedi, Executive Trustee along with her mother Dikshak Bedi, Chairperson, I.V.F.
